# POWERHOUSE KIDS CLUB

More than just childcare, your children ages 6 months-12 years will have **private, supervised use of Island Playground while you work out for up to 2 hours**. Once inside, they will stay active on inflatable bouncers and obstacle courses, climb a rock wall, or play some basketball in the safe, supervised playground. Whatever your child's age, they will be **closely monitored by experienced Island Playground staff** and will have fun while you get some "me" time to focus on your fitness.
